CitySense / spatial intelligence, explained

LANDING-WEB UX-0 revision · desktop narratives + separately composed mobile views

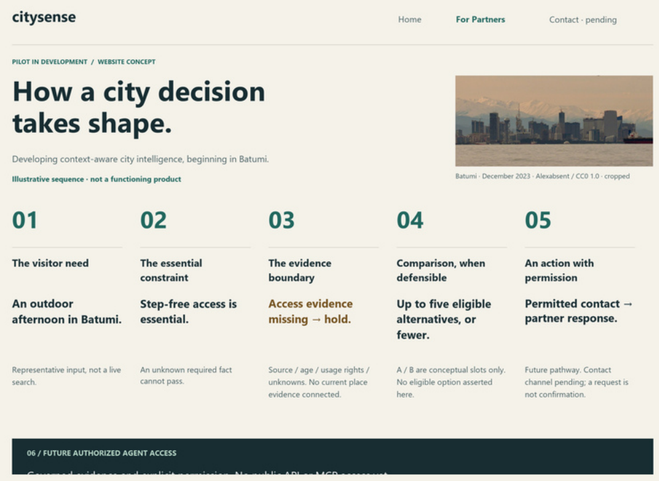

S1 / Cinematic spatial narrative

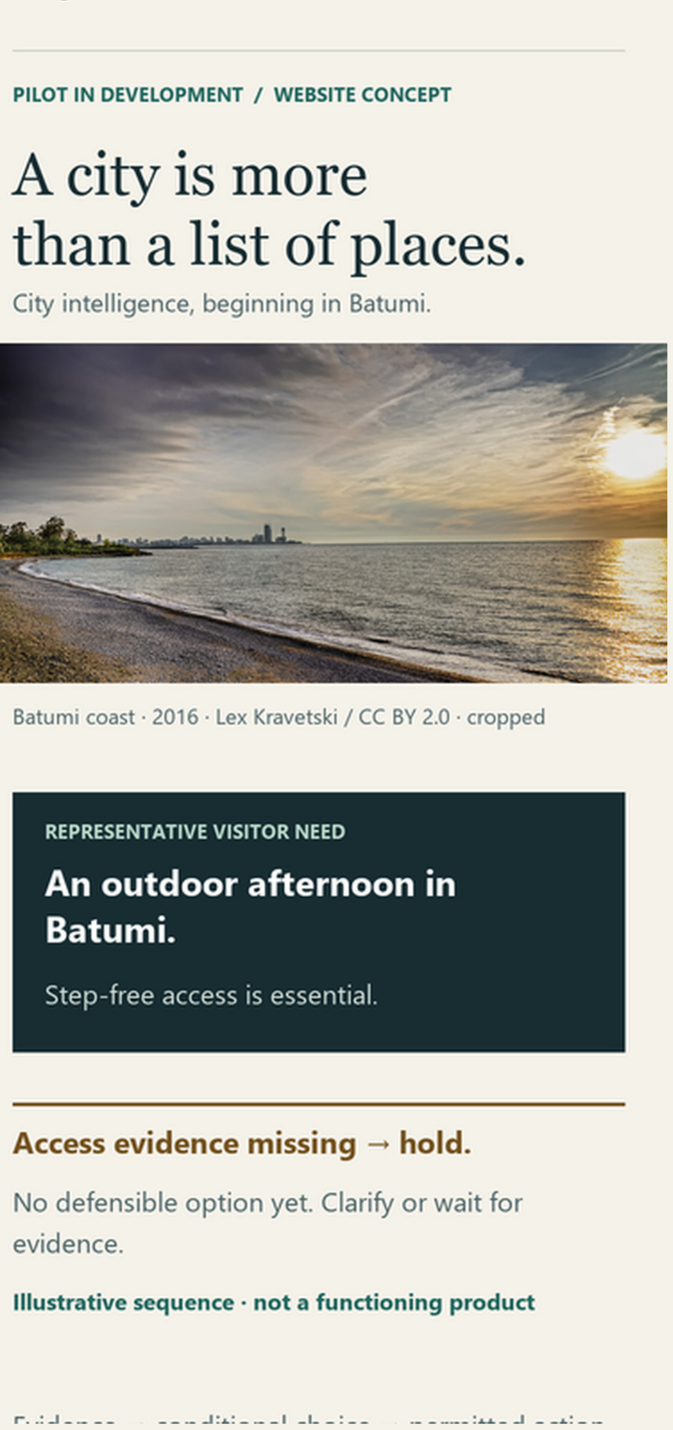

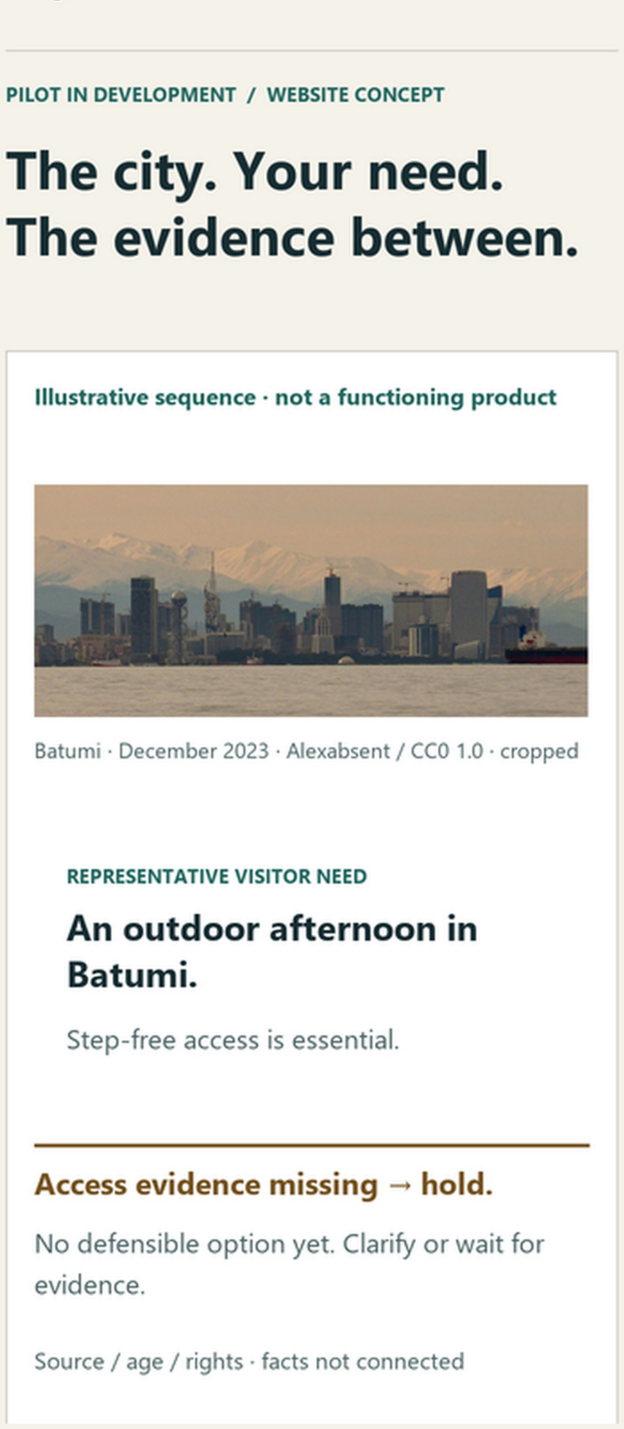

S2 / Integrated city canvas

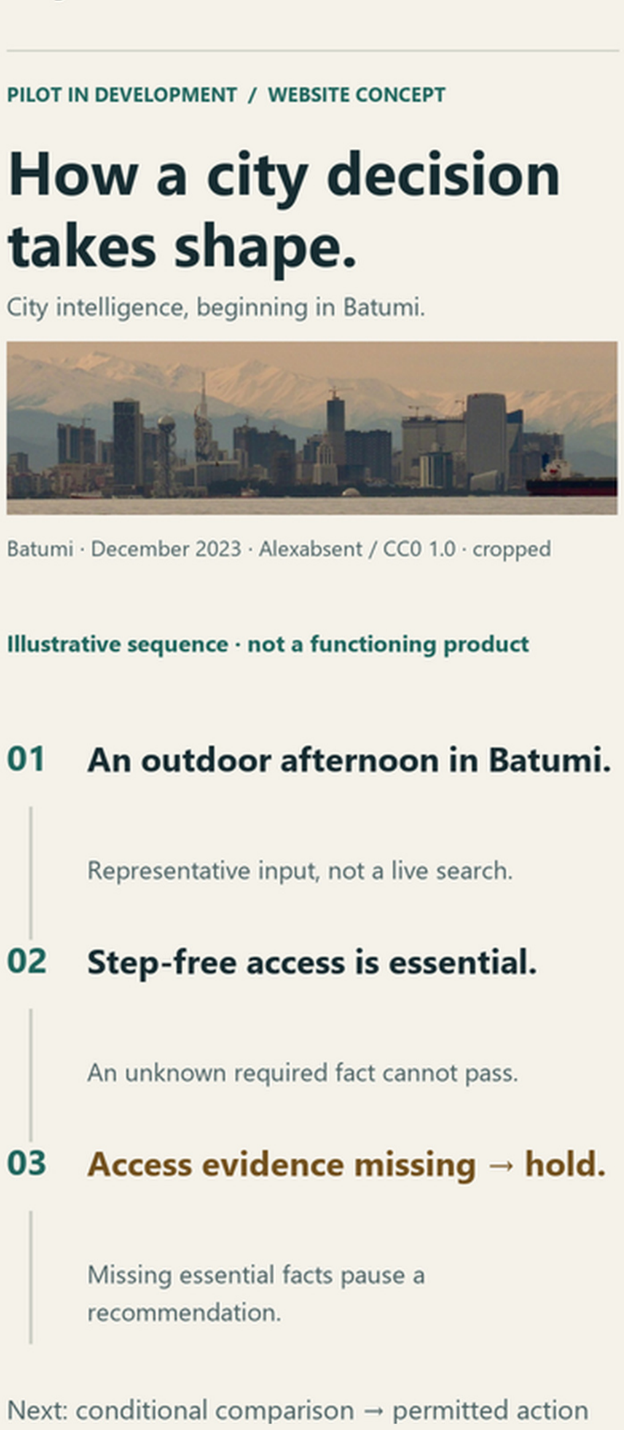

S3 / Intelligence in motion

Leading proposal: S2 + one coherent Partners page. Founder alone selects the direction.

Photo → need → essential facts → evidence boundary → conditional choice → permitted/future action.

Static website explanation. No PRODUCT-APP specification, live interface, approval or launch claim.
